SUBJECT: <b>Academic Drama Requirements</b>				

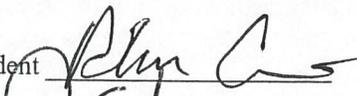

**Policy Purpose:** To establish academic requirements for students participating in ACS drama activities.

**Policy Information:** This policy provides guidelines for students choosing to participate in the spring drama production as an extracurricular event. Students must ensure that participation does not have an adverse effect on their studies.

- 4250.1** In order for a student to be eligible to try out and participate in any ACS drama production, a student must have a C- (70%) average in each subject, based on the current quarter.
- 4250.2** If the student's grades call below a C- in any subject in the third quarter, that student will meet with administration and drama teacher. At that time, Administration will make the final determination if the student should continue in the production based on their grades, current performance in their coursework, and their level of involvement in the production.
- 4250.3** Students enrolled in the drama class who fail to meet the academic requirements, as outlined in 4250.2, will have their file forwarded to the Academic Committee for review. A determination about continued involvement in the production, and to what degree, will be decided on a case by case basis by the Committee.
